RAPTOR®

TOUGH PROTECTIVE COATINGS

RAPTOR APPLICATION USING A ROLLER BRUSH

1

POUR RAPTOR

Pour the activated RAPTOR mixture onto a paint tray.

2

COVER THE ROLLER BRUSH WITH RAPTOR

Cover the roller with RAPTOR making sure that you do not saturate it as this can affect the texture result.

3

ROLL RAPTOR ONTO THE SURFACE

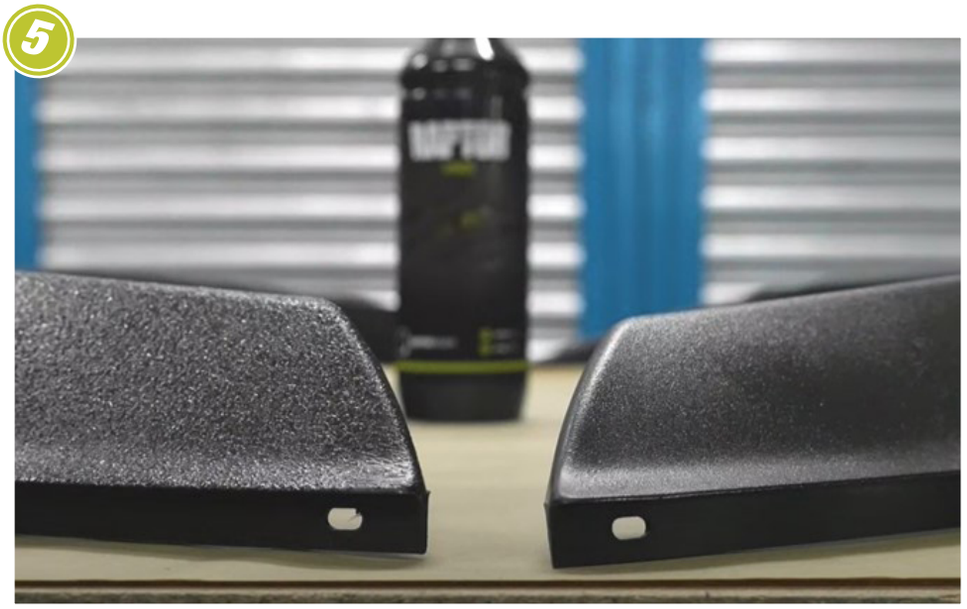
Carefully roll the paint onto the surface in long uniform strokes with medium pressure watching at for too many roller lines.

4

APPLY TWO COATS

Apply two coats of RAPTOR allowing for flash off periods in between coats.

5



YOUR FINISH RESULT SHOULD LOOK LIKE THIS

TOP TIPS:

Use a fine roller for a flat effect and a coarse roller for a coarse texture.
